ST ANDREW'S COLLEGE, AURORA, ONTARIO

AURORA, ONTARIO

Vol. 1, No. 1

OCTOBER, 1956

FROM THE PRESIDENT

Dear Andrean:-

This bulletin represents a new venture for the Old Boys' Association and is designed to keep you in touch with your fellow Andreans. I know that you will enjoy each issue and that you will help make it a success by forwarding news of yourself and other Old Boys to the Editors, Henry Holden (Staff) and Mike Adamson ('44). At present 4 issues a year are planned which, together with the Review, should keep Old Boys in touch with friends and with the School. Suggestions are MOST welcome and should you want more issues a year, SEND IN NEWS!

On behalf of the Old Boys' Association I extend best wishes to all Old Boys on this, the eve of another school year.

Fred Hume.

ROUND AND ABOUT THE SCHOOL

The Headmaster is delighted that the School is well filled and, with a highly qualified staff, is looking forward to a happy and successful year. Prospects in Football, etc., are unknown at the time of writing but you may be assured that a good account will be given by all teams. * Henry Holden has moved to Memorial House as Housemaster taking the place of Dick Gibb who is again living off the property. * Bob Laidlaw has begun his 47th year at S.A.C. with his usual verve. * The Bennets, Delgrandes (complete with new son) and Adamsons are now ensconced in the three lovely new staff houses on the south-west side of the property. * Tuddy, now living in Aurora, is likely to appear at any and every School function and seems to be more interested than ever. (Kennedy Street W., Aurora). * Hugh Warburton has transferred duties and quarters to Memorial House. * Jack Wright reports that Mac House is looking after 102 bodies this year, 86 in residence, and that the football team is as powerful as ever! * Senior Matric results last year were very satisfactory — congratulations to Paul Moore on his three scholarships at the U. of T. * Dick Gibb and Stan Macfarlane returned from their European tour eager for more in spite of having shepherded some 60 students for 2 months through 7 countries! * John Delgrande is now acting as University Guidance Counsellor and would like to hear from all Old Boys presently at University. He is interested in how well they are doing and in how well S.A.C. prepared them for their courses.

The year referred to is the year in which Old Boys left S.A.C.
